

TOTAL ECLIPSE

Turn around

Every now and then I get a little bit lonely and you're never coming round.

Turn around

Every now and then I get a little bit tired
Of listening to the sound of my tears.

Turn around

Every now and then I get a little bit nervous
That the best of all the years have gone by.

Turn around

Every now and then I get a little bit terrified
And then I see the look in your eyes.

Turn around, bright eyes

Every now and then I fall apart.

Turn around, bright eyes

Every now and the I fall apart.

And I need you now tonight

And I need you more than ever

And if you only hold me tight

We'll be holding on forever.

And we'll only be making it right

Cause we'll never be wrong.

Together we can take it to the end of the line.

Your love is like a shadow on me all of the time. (all of the time)

I don't know what to do I'm always in the dark.

We're living in a powder keg and giving off sparks. Straight in

I really need you tonight,

Forever's gonna start tonight,

Forever's gonna start tonight.

Straight in

Once upon a time if was falling in love
But now I'm only falling apart. (wait)
There's nothing I can do,
A total eclipse of the heart.

WAIT

Once upon a time there was light in my life but now there's only
love in the dark. (straight in)
Nothing I can say
A total eclipse of the heart.
A total eclipse of the heart

(4 riffs)

Turn around, bright eyes straight in
turn around, bright eyes

And I need you now tonight and I need you more than ever
And if you only hold me tight we'll be holding on forever.
And we'll only be making it right 'cause we'll never be wrong.

Together we can take it to the end of the line.
Your love is like a shadow on me all of the time (all of the time)
I don't know what to do and I'm always in the dark.
We're living in a powder keg and giving off sparks. (wait)

I really need you tonight,
Forever's gonna start tonight,
Forever's gonna start tonight.

WAIT

Once upon a time there was light in my life but now there's only
love in the dark. (straight in)
Nothing I can say, a total eclipse of the heart.
